Credit Reserve Line of Credit allows you to utilize your line of credit for certain types of transactions and may help protect your account against overdrafts by automatically transferring funds to your checking account. Overdraft Privilege (ODP) is a discretionary service that allows you to overdraw your account for a fee in order to pay a transaction. Items are paid with an expectation that an immediate deposit will be made to bring the account to a positive balance. Payment of an item(s) does not guarantee item(s) presented in the future will be paid. Eligibility for this service is at our discretion based on account activity and ongoing account handling.

For Consumer Accounts Only: You are not required to have this service on your account. Members who receive Social Security, federal direct deposit or any other entitlement benefit must opt-out if they do not want the Credit Union to apply those funds to pay an overdraft. You may opt-out of the Overdraft Privilege in its entirety by contacting us at 602.631.3200 or 800.621.0287 (outside Maricopa County).

With the Overdraft Privilege we will, as a discretionary service and not as a right or obligation guaranteed to you, strive to pay your reasonable overdrafts when your account is in good standing and meets eligibility.

Good standing and eligibility includes the following criteria:

- Date account was established
- Number of deposits
- Dollar amount of deposits
- Deposit patterns
- Repayment patterns
- Overdraft activity
- Your account is an eligible type
- You are NOT more than 30 days past due on any Credit Union loan or delinquent on any other obligation to the Credit Union
- You are NOT subject to any legal or administrative orders, levy, or are currently a party in a bankruptcy proceeding
- Your account is NOT being reviewed for fraudulent activity
- Your account is NOT classified as inactive
- You DO NOT have an unresolved prior loss with the Credit Union

What Else You Should Know

The order in which items are paid is important if there is not enough money (based on available balance) in your account to pay all of the items that are presented. The payment order can affect the number of items overdrawn or returned unpaid and the amount of the fees you may have to pay. To assist you in managing your account, we are providing you with the following information regarding how we process transactions to your account. We process transactions each business day (Monday through Friday except Federal Holidays) during a late night process.

Once we process your transactions, the results are posted to your account. First, we determine the available balance in your account that can be used to pay your transactions. **NOTE: Certain pending transactions can impact your available balance:** Your available balance will be reduced by pending withdrawals, such as debit card transactions we have authorized and must pay when they are sent to us for payment. These pending withdrawals may be sent to us for payment at a later date. In some circumstances, these transactions may be paid into overdraft if other posted transactions or fees have reduced your balance before the pending transactions are presented for payment. Our policy is to process items as follows: 1) online ATM and POS transactions in the order they are received, 2) ACH transactions, in the order they are received on the day they are processed, 3) signature-based POS transactions, 4) drafts/checks in numerical order on the day they are processed.

Regardless of the overdraft preference you select, sometimes we are required to pay a transaction that may create an overdraft in your account.

Payment of items into overdraft is done so with the understanding that you will be making an immediate deposit to return your account to a positive balance. If your account balance remains overdrawn or we believe you are not managing your account in a responsible manner, we may not be able to pay items presented against insufficient funds. Items presented may be returned.

Credit Union West will place a hold on your account for any authorized debit card transaction until the transaction settles (usually within two business days) or as permitted by payment system rules. In some cases, the hold may exceed the amount of the transaction or vice versa.

The payment of overdrafts is not guaranteed. Overdraft Privilege is not a line of credit; it is a discretionary overdraft service that can be withdrawn at any time without prior notice.

Overdraft Privilege may be discontinued if you default on any loan or other obligation to us, your account becomes subject to any legal or administrative order or levy, or if you fail to maintain your account in good standing by not bringing your account to a positive balance within thirty (30) days for a minimum of one business day.

Depositor and each Authorized Signatory will continue to be liable, jointly, and severally, for all overdraft and fee amounts, as described in the Membership Agreement and Fee Schedule. The total (negative) balance, including all fees and charges, is due and payable upon demand.

Checking accounts that remain consistently overdrawn may be closed and/or charged off. Closed and/or charged off accounts may be reported to Chex Systems which may have a negative impact on your ability to open future banking relationships.

Except as described in this letter, Credit Union West will not pay items if your account does not contain available funds (including the Overdraft Privilege limit) to cover the item(s) and the amount of any fee(s).

We encourage you to make careful records and practice good account management. This will help you to avoid creating items without available funds and potentially incurring the resulting fees.

Use our Mobile Banking, Online Banking, and telephone banking services to keep track of your balance.

WHAT YOU NEED TO KNOW ABOUT OVERDRAFTS AND OVERDRAFT FEES

An overdraft occurs when you do not have enough money (based on available balance) in your account to cover a transaction, but we pay it anyway. We can cover your overdrafts in two different ways:

1. We have standard overdraft practices that come with your consumer account. Business accounts are automatically enrolled in Standard and Extended Coverage and may not unenroll.
2. We also offer overdraft coverage options, such as a link to a share account and/or a link to a line of credit (consumer accounts only), which may be less costly than our standard overdraft practices. To learn more, ask us about these plans.

This notice explains our standard overdraft practices.
